Draft "Rules relating to Exemptions"

Diploma Classes).

(Note:- The following rules shall be added to the existing rule No. 12 of the Diploma Classes proppectus 1938-39-40 on page 4 as 12 (A).

12A.

(i) A candidate who has obtained 45 per cent of the total marks in Mathematics or 50 per cent. of the total marks in any of the other subjects, will at his option, be exempted from appearing inn that subject at any subsequent examination and will be declared to have passed the whole examination when he has passed in all the other subjects of the examination; provided that, in the subject or subjects in which he appears on the last occasion he must obtain the minima in each subjects together with the percentage prescribed for pas sing of the total marks in such subject or subjects. Candidates passing the examination in this manner in compartments will not be eligible for a class or for any prize of ~~xkx~~scholarship to be awarded at the examination.

(ii)A candidate who has earned exemption in one or more subjects at an examination when he appears next for a subsequent examination must once for all decide whether he will avail himself of the exemption or appear for the whole examination. If the candidate decides to appear for the whole examination he cannot claim the benefit of the old exemptions any time thereafter. But on his ap earance for the whole examination he may again earn exemption in ane or more subjects and such fresh exemption earned will again be subject to the above provision.

(iii) A candidate who has failed in one subject only but has obtained exemption marks in

all other subjects will be allowed to keep terms for the next higher class. The candidate will not be considered to have passed the next higher examination or to have obtained exemptions in any of the subjects of the next higher examination unless he has passed in the aforesaid single subject at the same examination season with the necy. percentage of marks as required for the total. The terms kept by him for the next higher examination will however be available to him for appearing for any subsequent examination.

(iv) Marks for drawings and reports once submitted for an examination and marked, will be carried forward to any subsequent examinations unless new drawings are prepared and submitted. The marks for drawings carried forward to any subsequent examination will qualify the candidate for a class, prize or scholarship awarded at the examination.

(v) A candidate once certified in a certificate subject will carry forward th t certific tion to all subsequent examinations.

(vi) The above rules will come into force from June 1939 and onwards.

L.M.A.

No. P-17.

College of Engineering,
Poona, Feb. 9, 1939.

To,
The Director of Public Instruction,
POONA.

Sir,

I consider it desirable and the Heads of Departments agree with me that students of the Diploma Classes should be granted exemptions on the same lines as students in the Degree Classes are granted exemptions in the University Examinations.

I accordingly submit the appended Draft Rules regulating exemptions in the Diploma Classes' examinations for your approval. They may be added as Rule 12A to the prospectus of the Diploma Classes and brought into effect from next year.

I have the honour to be,
Sir,
Your most obedient servant,
Sd/-W.X.Mascarenhas,
Principal.

L.M.A.

URGENT No. P-17. College of Engineering,
POONA, 7 January 1940.

To

The Chief Engineer & Secretary to Govt.
P.W.D.
BOMBAY

Sub: Exemptions in con. with the Diploma Exms. at the College

Sir,

I have the honour to state that the rule in vogue at present with regard to a pass in the Diploma Examinations is that a student failing in any but his final Examination has to repeat the whole course in each subject, no exemptions being granted in any part of the Class or Practical Work: those who fail in the final year, however, may or may not rejoin classes before passing out finally.

The percentage required for a pass in classes other than the final year is:-

33 per cent on each written paper, and
40 " on each Practical subject,
and 40 " on the Grant Total.

In the final Year the percentage is:-

First Class	66	percentage of the total.
Second "	50	" of the total.

2. With a view to bringing in the rules relating to exemptions at these examinations in conformity with the rules governing the University Engineering Examinations I addressed the Director of Public Instruction, Poona,-Copy of which communication, with copy of the proposed Draft Rules, is hereto appended. The Director has asked me to consult the Members of the College Advisory Committee on the point and to get their opinion. I shall therefore be very glad if you will kindly let me have your opinion on the proposal as submitted by me, as early as possible.

I have the honour to be,
Sir,
your most obedient servant,
(Principal)

4551/36
P.W.D.

The rules about the diploma classes of the Poona Engrg. College are pp.61 et seq of the college calendar put up below. The diploma course in civil engineering takes 3 years and there are 3 annual examinations. Rule 7 & 8 pertain to the subject matter of this case. A student who fails in the final examination may, with the permission of the Principal, appear at a subsequent examn. without attending the class a second time. A student failing in the first or second year examn. has to repeat that year. The present rules do not allow the concession of passing any of the three diploma course examins. by compartments. The College principal proposes to provide for the concession as per the draft rules within which have been framed on the lines of the rules for the three annual examns. of the degree course. The Principal's proposal threrefore is that the present conceession of passing examns. of the degree course by compartments may be extended to the examns. of the diploma course. The Principal has put up the proposal to the members of the Advisory Committee of the Poona Engrg. College. If the Committee approves of it, the Principal will put it up to the E.D. If the Chief Engr. approves of the proposal, the Principal will be informed accordingly.

Id: 6-2-40

This seems a somewhat strange procedure ~~art~~ but if it is followed in the Degree Classes, it may also be followed in the Diploma Course. Id:

Yes I have no objection. Id:

Subject:- Exemptions in connection with Diploma Exams.

With reference to his letter No.P 17 dated the 17/1/40, the Principal, College of Engineering, Poona is informed w.c. that the chief Engr. & Secy. to Government, P.W.D. has no objection to the proposal made therein on the above subject.

Id: 8-2-40. Id:

Accompaniment to Government Resolution, Educational Department, No. 7188, dated the 8th May 1940.

Rule regulating the grant of exemptions in connection with the Diploma examinations of the College of Engineering, Poona.

(Note:- The following rule shall be added to t the existing rule No. 12 of the Diploma Classes prospectus 1938-39-40 on page 4 as 12 (A) .

12A. (i) A candidate who has obtained 45 per cent. of the total marks in Mathematics or 50 per cent. of the total marks in any of the other subjects, will at his option, be exempted from appearing in that subject at any subsequent examination and will be declared to have passed the whole examination when he has passed in all the subjects of the examination; provided that, in the subjects or subjects in which he appears on the last occasion he obtains the minimum in each subject together with the percentage of the total marks in such subject or subjects prescribed for passing. Candidates passing the examination in this manner in compartments will not be eligible for a class or for any prize or scholarship to be awarded at the examination.

(ii)A candidate who has earned exemption in one or more subjects at an examination must decide before he is allowed to appear at a subsequent examination whether he will avail himself of the exemption or appear for the whole examination. If the candidate decides to appear for the whole examination, he cannot claim the benefit of the old exemptions any time thereafter. But on his appearance for the whole examination he may again earn exemption in one or more subjects and such fresh exemption earned will again be subject to the above provision.

(iii)A candidate who has failed in one subject only but has obtained exemption marks in all other subjects will be allowed to keep terms for the next higher class.

The Candidate will not be considered to have passed the next higher examination or to have obtained exemptions in any of the subjects of the next higher examination unless he has passed in the afore said single subject at the same examination season with the necessary percentage of marks as requered for the total. The terms kept by him fo the next higher examination will however be allowed to him for the purpose of appearing at any subsequent examination.

(iv) Marks for drawings as well as reports once submitted for an examination and marked , will be carried forward to any subsequent examinations unless new drawings are prepared and submitted. The marks for drawings carried forward to any subsequent. examination will qualify the candidate for a class, prize or scholarship awarded at the examination.

(v)A candidate once certified in a certificate subject will carry forward that certification to all subsequent examinations.

(vi) The above rules will come into force from June 1940 and onwards.

Rules regulating the grant of exemptions in connection with thee Diploma examinations, &c.

GOVERNMENT OF BOMBAY,
Educational Deptt.,
Resolution No. 7188,
Bombay Castle, 8th May 1940.

Letter from the Director of Public Instruction, No. 104-244-A, dated the 1st November 1939:-

"I have the honour to say that the Principal, College of Engineering, Poona, considers it desirable that the students of the Diploma Classes should be granted exemptions in the Diploma exam-s. on the lines of the Degree examinations conducted by the University. He has accordingly prepared a set of rules regulating the grant of exemptions in the Diploma examinations and proposes that these rules should be added as rule 12-A of the rules printed in the prospectus of the Diploma Classes , and brought into effect from the current year's examinations. I enclose a copy of these rules together with a copy of the prospectus of the Diploma classes. I agree with the Principal that exemptions may be granted in the various subjects of the Diploma examinations on the lines of the University examinations and recommend that Government be pleased to accord their sanction to the set of rules regulating the grant of exemptions in connection with the Diploma examinations as proposed by the Principal."

RESOLUTION:--The appended rule regulating the grant of exemptions in connection with the Diploma examinations of the College of Engineering, Poona, is approved.
